3. Observe the Payment Options page

Screenshots:

- ## Summary Of Test Results:

Total Test Cases- 13
Executed- 10
Passed- 10
Failed- 0
Not Executed- 3
Pass %- 100.00% (of executed test cases)

- ## Conclusion and Recommendations:

Pass Rate: 100% of executed test cases, Pending negative tests to be completed

- ## Issues Found

1. **No defects found**
   All 10 executed scenarios (1a, 1b, 1c, 2a, 3a, 3b, 3c, 3d, 4a, 4b) behaved as expected on the Swiggy website.

- ## Recommendations

1. **Execute the pending negative login tests**
   Run 1d (empty phone number), 1e (invalid phone number) and 1f (wrong OTP) and update the Actual Result, Status and screenshots.
2. **Extend coverage**
   Add test cases for OTP resend / expiry, applying a coupon, adding items from “Complete Your Meal”, and order placement with each payment option.

- ## Bug Reports:

No bugs were found in the executed scenarios. The template below is to be filled if a defect is found while executing 1d, 1e or 1f.
